

Welcome to the Miniature World of Heidi Ott.

We invite you to discover our Heidi Ott miniature collection. We take great lengths in combining skill and craftsmanship together with paying much attention to detail in creating our miniatures. Such workmanship can be seen for example in our unique fully poseable miniature dolls with their moving joints, and also in our diverse range of accessories for example, our fully functioning miniature clocks.

Heidi Ott was born in Central Switzerland which remains the base from which her large doll and miniature doll ideas are born and designed.

Together with her son Karl Jr., Heidi has created a diverse range of miniature dolls and accessories. Whilst Heidi is the artistic talent, Karl is the force behind the technical engineering and exceptional precision that is evident in their work. Having also inherited his Mother's creative flair, Karl designed the range of fine working clocks which he also makes in the Heidi Ott workshop in Switzerland.

The Heidi Ott miniature dolls and accessories are a great labour of love, developed over many years with unique attention to detail. It is such skill and craftsmanship that produces the high standard of quality that the Heidi Ott name now signifies.

Willkommen in der Welt der Miniaturen von Heidi Ott AG

Auf den nächsten Seiten erhalten Sie einen Einblick in unser Sortiment. Da wir sehr grossen Wert auf Details legen, sind z.B. unsere Gelenk-Miniaturpuppen voll beweglich, dies gilt auch zum grössten Teil bei unserem Zubehör, wie beispielsweise die voll funktionsfähigen Miniatur-Uhren etc.

Heidi Ott ist in der Zentralschweiz geboren. In dieser Region entstanden ihre Puppen- und Miniaturendesigns.

Zusammen mit Sohn Karl jun. entstanden viele Miniaturenuppen und Accessoires. Während Heidi das künstlerische Talent hat, setzt Karl seine ganze Kraft für die technische Entwicklung und die äusserste Präzision bei der Herstellung dieser eigenen Produkte ein. Karl hat auch die kreative Seite seiner Mutter geerbt, indem er jetzt voll funktionsfähige Uhren in Miniaturengrosse entwickelte und auch in der Schweiz produziert.

Heidi Ott Miniaturen und Accessoires sind mit viel Liebe zum Detail entstanden und während mehreren Jahren entwickelt worden. Für Produkte mit so hohem Qualitätsstandard braucht es grosse Geschicklichkeit und viel Handarbeit. Das zeichnet den Namen Heidi Ott aus.
